Pioneer is Official 2022 Sponsor of SWOSU Athletic Hall of Fame and Auction Benefit

Jon Chidester
SWOSU Assistant AD/Media Relations

Longtime Southwestern Oklahoma State University (SWOSU) benefactor Pioneer will serve as underwriting sponsor of the 2022 SWOSU Athletic Hall of Fame recognition and of the 16th Annual Athletic Auction & Dinner.

Pioneer will provide key financial support for the SWOSU Athletic Hall of Fame celebration scheduled for 19-August and will underwrite the 16th Annual SWOSU Athletic Auction and Dinner on 20-August.

Pioneer's sponsorship makes possible SWOSU's recognition of the 2022 Athletic Hall of Fame inductees--Mark Bay, Clarke Hale and Carly Zack—as well as SWOSU's signature on-campus philanthropic event, the annual Athletic Auction & Dinner.

"Pioneer's generous sponsorship allows SWOSU to bring alumni together to recognize our new Hall of Fame inductees," said SWOSU Athletic Director Todd Helton. "Further, our partnership with Pioneer is a critical part of successfully raising much-needed scholarship dollars for our student athletes."

All net proceeds from the Athletic Auction benefit SWOSU's student-athletes across all athletic programs.

"Pioneer Cellular-High Speed Internet-iVideo TV is proud to continue investing in SWOSU, students, and

the community. Pioneer is an amazing place to work and takes great pride in our communities throughout our service area. We ask our friends and neighbors to join us in celebrating SWOSU and supporting student athletes," said Pioneer Vice President of Marketing, Sales & Service Kim Grellner.

Silent bidding in the Auction will take place online at www.SWOSUAthleticAuction.com beginning on 1-August and running through 18-August. The main event on 20-August will kick off with a cocktail hour at 5:30 p.m. followed by dinner served at 6:30 p.m. The live auction will begin at 8:00 p.m. featuring a wide variety of premium items and experiences available to participants.

Tickets and tables for both the Athletic Auction & Dinner and the Hall of Fame Banquet are on sale now. To make your ticket/table purchases or for more information, visit www.SWOSUAthleticAuction.com or contact please contact SWOSU Advancement Coordinator for Athletics Allie Hoang at 580-774-6330 or Allison.hoang@swosu.edu.

The 2022 SWOSU Athletic Auction and the Hall of Fame Banquet are both hosted by the SWOSU Athletic Association. The Association is a subsidiary of the SWOSU Foundation, Inc., which was established in 1977 to promote philanthropy and distribute funds to support the activities and programs of SWOSU. Located on the Weatherford campus in the historic Burton House, the Foundation currently stewards nearly \$37 million in assets for the benefit of SWOSU.

Need an Appraisal?
by Lynn Parr, Realtor®
By definition, an Appraisal is an opinion of value. Opinions can vary and it has often been said that no two appraisers will agree. While this can be true, by following accepted procedures, called methodology, these differences between appraiser's opinions can be minimized. The needs for an appraisal can be varied and many.
1. The most common appraisal need is for the purpose of borrowing money to purchase a home or any other piece of property. It may be for a business. Most lenders require an appraisal of the property being purchased or used as collateral to secure the loan. In some cases, by Federal Regulations, this appraisal must be performed by a State Certified Licensed Appraiser. In other cases, usually depending on the amount of value, a license is not required. In most cases, the lender must be the one to order the appraisal.
2. Another reason for needing an appraisal, could be pricing your property for sale. Many times, if you are listing the property with a Realtor, they will provide what is called a market analysis, which can be a form of an appraisal. Keep in mind, not all real estate personnel are qualified to appraise real estate. Their training is mostly dedicated toward the ethical handling of sales.
3. Other appraisal uses include; legal disputes, such as a divorce or a land division, such as a partition suit. The settlement and basis computation for an estate may require an appraisal. Most of these types of appraisals do not require a licensed individual.
The cost of an appraisal will vary with its use, size and time to secure the needed data. You can always ask for an estimate of cost before engaging an appraiser. Remember, experience in appraisals can be critical to good methodology.
Whatever you do:
PUT ALL REAL ESTATE CONTRACTS IN WRITING.
Verbal Real Estate Contracts are not admissible in a court of law.
If you have questions about Appraisals, contact me at 580-251-0523. It costs nothing to ask! Watch next time as I share other Appraisal tips.

STAFFORD OPEN HOUSE - Weatherford School District officials have set the date of August 9th for an open house for the new Stafford Elementary. The public will have the opportunity to tour the brand new school from 4:30-6:30pm.

WASHITA COUNTY FATALITY - A 17-year-old Dill City male died at the scene of a one vehicle accident yesterday on a Washita County road just east of State Highway 44, 2 miles west of Dill City. The name of the youth was not released, but was a passenger in a vehicle driven by a 17 year old male from Depew. Troopers say the driver is hospitalized in serious condition at OU Medical Center. The cause of the accident is under investigation.

WEATHERFORD ENROLLMENT - Students who are new to the school district can enroll for the upcoming school year on July 20th. District superintendent Jill Henderson says enrollment for students will be at the high school library from 8:30-3:30.

WESTERN OKLAHOMA/SALES TAX - Sales tax numbers in the city of Weatherford are up again for may sales at 7.24% with a total of \$1 million, 56,000 dollars. The city of Clinton was down 8.4% for may sales at just over \$517,000. The city of Elk City was up just over 2% at \$1.18 million.

BECKHAM COUNTY DIST COURT/ JONES - A five day jury trial planned for august for a Sayre man charged in Beckham County District Court with first degree murder-child abuse has been moved to later this Fall. 26 year old Troy Justice Jones is set for a jury trial beginning October 31st through November 8th. Jones turned himself in to authorities earlier this year after a warrant was issued for his arrest in connection with the death of 2 year old Benji Taylor, who authorities say died after suffering severe head trauma.

New Personalized Companion Care Services Offered to Meet the Needs of Southwestern Oklahomans in Hospital, Rehab or Nursing Care Centers

Lifelong southwestern Oklahoma resident Janice Smith launched a new service this month for area seniors and others needing companion care.

"I know how much we want to be with our loved ones, particularly when they are receiving care in an institutionalized setting such as a hospital, rehab facility or long term care center. But being there isn't always possible for families today who often find themselves time-stretched or need to be away for a period of time," Smith said.

"I help families by lending a hand. I can fill the gap by providing reliable, comfortable and easy companionship for their loved one, helping ensure the family member feels cared for, connected and more in control," Smith said.

Smith is flexible in meeting the family's and client's needs. She can read aloud, play cards or games, or simply visit with congenial company to listen, talk and laugh together. Smith will also run an errand if requested.

"I just try to do what needs to be done and help out as a family member would," she said.

Smith offers regular visits or on a fill-in basis to individuals receiving care in a licensed health care facility. She can be reached at (405) 542-7498.

New Personalized Care Services Offered to Meet Your Health and Wellness Needs

Stop and think about someone you care about; think about the things you would do to ensure they're happy, comfortable, and looked-after. Do you see your care ending after a little bit of work, or will it continue long into the future, through any ups & downs and rocky roads? How does the support look – is it hands on? Focused on renewing things they've lost? Or is it simply the ability to be nearby if they require help? Our loved ones deserve the best care, and at Corn Heritage Village & Rehab, they are the best.

Offering services for rehabilitation, independent living, and long-term care, Corn Heritage Village & Rehab continues to provide Nursing Home Care with "in-house benefits that you won't find anywhere else". As a top-quality service provider for years, their robust benefits and access to skilled nursing staff comes as no surprise. Some of the in-house benefits include:

- A 24/7 Pharmacy Service
- Resident Activities & Events ("shopping, cook-outs, arts & crafts, music therapy, & more")
- Rehabilitation with state-of-the-art equipment
- 24/7 RN coverage with staff that truly treat each resident like family

With over 70 years of experience as one of the "top rated Oklahoma nursing Home & Senior Care Communit[ies]" in the state, Corn Heritage Village & Rehab is no stranger to innovation and adaptability. Two of the recent ways they've continued to elevate their care has been with the development of their in-house memory care unit at the Corn facility. This "industry leading treatment for Alzheimer's, Dementia, and related conditions" has unlocked new possibilities for care never seen before. The second way they've elevated their care is with upgraded facilities. You cannot focus on the future if your equipment is living in the past. The new upgrades include "modernized rooms, cafeterias, ice cream bars, and more".

Corn Heritage is a non-profit and faith-based service provider with a high focus on personalized care and community involvement. From working with local doctors, to transportation to community shopping, activities, and outings, Corn Heritage is committed to their mission, "to provide the highest level of Long-Term Care & Rehabilitation Care in Oklahoma".

As a top care provider since 1948, Corn Heritage Village & Rehab wants to meet you! Browse their listings, contact them by phone, or schedule an appointment!

HEALTH SERVICES

Clinton, OK Home to a Genuine One-On-One Counseling Service

Health has routinely been thought to be completely physiologically based and that a person's feeling of unwellness stems from a symptom that can be seen and measured. Luckily, medicine has come a long way in the modern era, especially recently, and as a society, we've begun identifying that not only is the physical body important, but so is the mental & emotional side. In fact, some chronic physical ailments have been traced back to mental triggers. Today, mental management is a principal component of Wellness, and seeking therapeutic support from a professional is key.

Richard S. Waguespack, BTH, MSW, LCSW+ provides a vast variety of individually tailored and Christian founded counseling through the business

New Life Counseling, located in Clinton, OK. Services include support for adults, teens, and children suffering from mental anguish: depression, anxiety, PTSD, trauma, addictions, disorders, interpersonal problems, academic/career pressures, and more. Russell-Murray Hospice Offering Nursing Care for Western Oklahomans

A terminal diagnosis is one of the hardest things to face. It's commonly understood that each moment is precious but when you're told explicitly that your finite amount of time is quickly approaching, the news can be overwhelming. After receiving a diagnosis like that, families & patients may ask: What's the next step? What should I do? What's the point? In the wake of shattering news, a little bit of help can go a long way.

Russell-Murray Hospice, Inc. is a nonprofit organization that provides in-home care to patients that have a terminal diagnosis of 6 months or less. Following the diagnosis, families who reach out following a referral will be able to meet with a supervisor to discuss their needs. After, the team goes through the medical records with the doctors and determines the best treatment paths and equipment they'll need. Then, the Russell-Murray team will get the necessary equipment installed and setup in the patient's home, even before they're discharged from the hospital. The goal is to ensure the families can focus on each other and the time they have. All other cares & worries can be handled (transportation, visits, etc.).

Russell-Murray offers in-depth and varied counselor and therapy services per patient need. If new developments come up and additional therapy, like respiratory or physical, is needed, the team comes together to discuss if it can be covered and implemented. When providing care, the Russell-Murray caregivers can also train the patient's primary caregivers in specific care like wound dressing so they can ensure the comfort of their loved one.

Russell-Murray Hospice, Inc. has four locations – El Reno, Weatherford, Kingfisher, and Oklahoma City. They cover a 75-mile radius from El Reno and any office can direct you to the service office for your location. They also offer extensive bereavement services for the family including explanations and assistance in planning. Russell-Murray's goals are to "Take care of the patient and their family, and to ensure they are able to experience these last stages together".

When facing a terminal diagnosis, please remember that you don't have to face it alone. "We want to help. We want to be there. It's never too late".

Woodland Gardens Offers a More Liberating Alternative to Traditional Retirement Homes

Established in 2018, Woodland Gardens Assisted Living, out of Hobart, OK, puts major emphasis on the living of assisted living. One of the key principles they stand by is “to provide residents a life-enriching atmosphere”. The core way they’ve managed to accomplish this goal is to employ staff who connect with residents and focus on care. The culture they’ve built is one of “choices, fun, and friendships”.

At the Gardens, everyone is working together to get the best out of life. There’s no mandatory schedules and no dream that goes unchased! Living at Woodland Gardens may feel a lot like home, but there’s one key difference. At the Gardens, you have more control of your choices “because you don’t have

to worry about what you can’t do”.

Some of the ways they achieve this style of care come from dedicated nursing care, homemade meals, daily chore assistance, and a calendar full of activities. Woodland Gardens is more than just an assisted living center. They’re now offering transitional care, where they can provide assisted living help on the short-term as people make their way from the hospital to the home. All of the care associated with long-term resident completely available daily as families focus on healing.
