Heartland Cruise Car Show Highlights Father's Day Weekend in Weatherford

For 33 years the Heartland Car Cruise Show has brought together car enthusiasts from around Western Oklahoma and across America for a special weekend of classic cars, family fun, and nostalgia and this year it's planning to be bigger and better than ever for Father's Day weekend.

The weekend event kicks off Friday night at 6:00pm on Main Street in Weatherford, where the street will be blocked off to host a welcome party which will allow car owners the chance to show off their vehicles to the public. Then, at 7:30pm, the annual car cruise will begin taking participants through a nearly 2 mile cruise through the streets of Weatherford.

"If you're old enough like I am to remember the 60's, when people cruised main street... it's reminiscent of that," said Tommy Nabors, who's helped coordinate the event with the assistance of other car enthusiasts from the area, the City of Weatherford, the Weatherford Rotary club and this years corporate sponsor Napa of Weatherford.

The fun continues the following day at Rader Park

with the car show which will feature a wide variety of events including: a flag ceremony presented by American Legion Post 91 at 9am; a burn out contest; a loud exhaust contest, a show and shine exhibition featuring vehicles of all sorts of makes and models; a childrens' money pit; food trucks; over 60 vendors; giveaways presented by the event's corporate sponsor, NAPA of Weatherford; and an awards ceremony at 3pm for registrants of the car show.

While the general public will be allowed to enjoy all the activities free of charge, folks interested in participating in The Heartland Cruise Car Show with their vehicle can register online at <https://www.heartlandcruisecarshow.com/register> or in person at the registration booth located at the corner of Main Street and Broadway during the welcome party. Registration is \$30 per vehicle, will be open until the Cruise begins at 7:30pm on Friday night, and will allow registrants to participate in all of the weekend's activities with their vehicle of choice.

The Mission Continues

Jim Morrison

“When you respond to God’s call to salvation, you join him in his mission of world redemption. The call to salvation is a call to be on a mission with him. In this new relationship, you move into a servant role with God as your Lord and Master.”

This is a quote from “Experiencing God: Knowing and Doing the Will of God. This popular discipleship program swept the country in the 90s, with thousands of churches of various denominations participating.

I had the privilege of leading such a group study with countless college students and, at other times, with church members. We had the blessed opportunity of having Dr. Blackaby on campus at SWOSU and our dinner table. He has five children, all involved in some form of ministry. He was and is a great man of faith with a powerful prayer life.

The truth of the above quote is not a call that has faded over time. It is a call to a lifestyle that introduces one to an adventure that demands sacrifice, placing yourself in dangerous situations, yet filled with the joy of obedience. The abundant life offered by the call of Christ is built upon Trust that He is really whom He claimed to be, “God in the Flesh.”

He was sent on a rescue mission. “For he has rescued us from the dominion of darkness and brought us into the kingdom of the Son he loved.” - Col. 1:13.

I Peter 3:18 tells us: “Christ died for sins once for all, the righteous for the unrighteous, to bring us to God...”

I Peter 2:24: “He Himself bore our sins in his body on the tree, so that we might die to sin an live to

righteousness; by his wounds, you have been healed.” So, while it is poor grammar, the truth is that we have all died for Him.

One of his final messages to his disciples was that he had left them in charge of ensuring his death was not in vain. The Holy Spirit was coming to give them a power that would demolish strongholds, and every argument raised u against knowing him as Lord. The message was to go to the ends of the world. They couldn’t possibly comprehend all that that would mean. They just had to take the next step of obedience.

The call lingers with us today. Those in lands where persecution, even to the point of death is present, are far more likely to be obedient to His challenge than those of us living in comfort and safety. But our mission remains the same no matter where we are. His grace is sufficient. His promises are sure. The future is His. If we belong to Christ, we are to be instruments of righteousness, agents of reconciliation, and ambassadors of the King of Kings, Lord of Lords.

CRUISE

Continued from Page 1

Initially started as a way to help generate more revenue for the Weatherford Chamber of Commerce, the Heartland Car Cruise Show first took place in Means Park, but the popularity of the event forced a move to Rader Park in 2002. In 2016 the event was transferred to the stewardship of the Weatherford Rotary Club and became a means to fund Weatherford's D.A.R.E. Program. Proceeds from the event completely fund Weatherford's D.A.R.E. Program.

But ambitions for the Car Show are still growing and support from the local community and businesses has never been greater. "It helps if we can make it bigger and draw people into town. This is good for everybody," said Dean Horn, General Manager of NAPA of Weatherford, who agreed to be the event's corporate sponsor this year.

As a result of this corporate sponsorship Napa of Weatherford rescheduled their annual customer appreciation day and Tool Sale, which is normally held in April, to coincide with this year's car show. Napa of Weatherford will be offering a free BBQ lunch at their store on Friday from 11am to 1pm or until they run out of pulled pork sandwiches. They will also be offering storewide discounts for tools through Saturday June, 24th in addition to giveaways and drawings to be held at the Heartland Car Cruise Show on Friday and Saturday.

For more information about the Heartland Cruise Car Show you can visit www.heartlandcruiseandtools.com.

For more information about the NAPA Customer Appreciation day and Tool sale you can find NAPA of Weatherford on Facebook or call 580-302-8673.

SWOSU Hosts Former OK Governor Frank Keating

Southwestern Oklahoma State University (SWOSU) with locations in Weatherford, Sayre, and Yukon, recently hosted the Honorary Frank Keating, the 25th Governor of the State of Oklahoma, for a visit.

Keating met with SWOSU donors and benefactors at a private reception and then joined the SWOSU President's Leadership Class (PLC) students and their families for a dinner where Keating delivered remarks.

Each year, around 15 of the top SWOSU students entering freshmen are chosen to be PLC Scholars. Each scholar is awarded a scholarship and receives four semesters of leadership training that fosters both intellectual and personal growth. The President's Leadership Class develops leaders who hold a profound understanding of leadership and its responsible application within organizations, communities and their states.

The SWOSU PLC was begun by the late SWOSU President Dr. John Hays and continued by former SWOSU President Dr. Randy L. Beutler and current SWOSU President Dr. Diana R. Lovell.

Keating grew up in Tulsa, Oklahoma, and received his undergraduate degree from Georgetown University and a law degree from the University of Oklahoma.

His 30-year career in law enforcement and public service included service as an FBI agent, U.S. Attorney and state prosecutor, and Oklahoma House and Senate member, including service as a Republican senate leader. He served Presidents Ronald Reagan and George H.W. Bush in the Treasury, Justice, and Housing departments.

As Governor, Keating won national acclaim in 1995 for his compassionate and professional handling of the bombing of the Alfred P. Murrah Federal building in Oklahoma City. In the aftermath of the tragedy, he raised more than six million dollars to fund scholarships for the nearly 200 children left with only one or no parents.

Keating currently serves as a regent for the University of Oklahoma and lives with his wife Cathy in Oklahoma City, Oklahoma. They have three children and eleven grandchildren.

For more information, visit www.SWOSU.edu or please contact the SWOSU Office of the President at 580-774-3766.

BECKHAM / FATALITY - A vehicle accident that occurred two miles east of Sayre on Interstate-40 has claimed a motorcyclist's life. The Oklahoma Highway Patrol says 35-year-old Justin Benavidez of Sayre died from the accident. Troopers say the cause of the incident remains under investigation.

WRH / ER - A management agreement is now in place with Team Health for professional services in the emergency room of Weatherford Regional Hospital. Chief Executive Officer Brian Denton says the three main ER physicians will remain on board and that Team Health will provide structure in a busier ER. Denton says the same company has previously worked (and continues to work) with WRH, managing their emergency rooms within an SSM Network.

CLINTON / HOSPITAL - Clinton City Manager Robert Johnston told the city council that there is encouraging news surrounding the relicensing and future opening of Clinton Regional Hospital. Johnston says even once the hospital can reopen, it will occur in a ramp-up process, not all at once.

WFD / BURN ROOM - The addition of a third-floor "Burn Room" has been completed on the Weatherford Fire Department "Burn Tower," according to Fire Chief Mike Karlin. The Burn Tower was constructed in 2021 and has undergone continuous additions since then.

ELK CITY / ARCHER - As the first legislative session wraps up for State District 55, State Representative Nick Archer reflects on some of the big wins for Western Oklahoma this session. Archer says that, specifically in Elk City, lawmakers were able to secure funds to help with police and fire department improvements.

WHS / AVIATION - An aviation course at Weatherford High remains popular after its first year. Aviation Instructor Ronnie Fleming says 75 students attended the course during the 2022-23 school year, with 55% looking to attend an advanced form of the course next year. Additionally, he says 50 freshmen alone have applied to the course for the 2023-24 school year.

WRH / MRI - The MRI project at Weatherford Regional Hospital is progressing, says Radiology Manager Rebecca Prater. The hospital is in the process of upgrading to a new MRI machine. During work, the hospital utilizes a mobile MRI unit. The project is scheduled for completion around mid-August.

WEATHERFORD / ROTARY - Rachel Worsham of Traditions Health was the most recent guest speaker at Rotary in Weatherford. Worsham spoke on hospice care and the volunteer program available as part of its hospice program.

Zack Saunders Baseball Camp 2023 Continues

Courtesy Graybill / WW

SWOSU's Head Baseball Coach Zack Saunders gathers campers at the mound in preparations for the day's Fundamentals training.

Courtesy Graybill / WW

Campers work to stretch their arms for the rigorous amounts of pitching they would be doing for the next few hours.

For the final day of hitting camp, students going into Coach's Pitch graduated from having pitches tossed up from the side to experiencing how they'll be playing actual games: with the ball being properly pitched from the mound.

Oklahoma History: Platt National Park

Courtesy Oklahoma Historical Society

Visitors of Platt National Park enjoy some of the parks amenities including Belleview Artesian Well and Plunge. This photo was taken some time in the early 1920's.

Chase Wright
Staff Writer

Like many locations throughout the US, Oklahoma has a multitude of parks and recreation spots throughout the state. Its first, and one of its most prominent, Chickasaw National Recreation Area (CNRA) has been a popular spot among locals and tourists. CNRA has had an interesting history as part of its almost 10,000 acres was once designated as a National Park.

Platt National Park, a 640-acre park, was established on June 29, 1906, when Congress renamed the Sulphur Springs Reservation after Orville H. Platt, the senator who began legislation to protect the 32 freshwater and mineral springs in Murray County, Oklahoma.

At the time, Platt National Park was the 7th, and smallest, national park established in the country. Despite its size, the park welcomed droves of visitors, and by 1914, the National Park Service (NPS) recorded more visitors to Platt than to Yellowstone or Yosemite.

As part of the New Deal, the Civilian Conservation Corps (CCC) was put in charge of the park's new infrastructure between 1933-1940. The CCC built pavilions, campgrounds, picnic areas, dams and waterfalls, and linked them all with new trails and roads. During the work, they planted over a half-a-million trees and the park underwent minor expansions.

In 1976, Platt National Park was abolished by Congress and merged with the much larger Arbuckle National Recreation Area; the entire area was renamed to the CNRA.

With the addition of many other water features, including the 2,350 acre Lake of the Arbuckles, CNRA's popularity remained high. Due to the clean springs and dams, many popular swimming and fishing spots are scattered throughout the park.

A variety of springs flow together through the Travertine District - a 3 mile long park with biking trails, picnic grounds, a bison pasture, and Nature Center. The crystal clear creeks form beautiful waterfalls as they join together to form Travertine Creek which flows through the district.

Several miles of biking and hiking trails wind their way along the creeks making the Travertine District "an oasis in the Oklahoma Prairie" according to the NPS.

Like the springs and creeks throughout the CNRA, the Lake of the Arbuckles has excellent water quality and clarity. It has year-round fishing and the Oklahoma

Department of Wildlife Conservation has rated it as the best in the state for bass fishing. With free entry, many 24 hour areas, 20 miles of trails, over 400 campsites, and swimming and fishing locations, CNRA is a must stop spot for outdoor lovers.
